RUTUJEET NAYAK

Product and User Experience Designer

+91 8010140714 | @ rutujeetnayak@gmail.com | Portfolio | Linkedin | Pune, India

Summary

UX Design student specializing in user research, usability testing, wireframing, prototyping, and human-centered design. Experienced in conducting qualitative research and translating insights into functional, user-centered solutions.

Experience

User Experience Analyst Intern (May 2026 – July 2026)

Accenture, Bangalore, India

- Led the design of an AI fashion shopping assistant aimed at reducing wasteful buys.
- Designed and prototyped 40+ UI screens in Figma around trust, context and user control.
- Mapped the agent's recommendation flow across occasion, fit, budget, weather and wardrobe.
- Built the concept on seven user themes, from fit anxiety to distrust of AI styling.

Hotel Operations Intern (June 2025 – July 2025)

Hotel Raviraj, Pune, India

- Ran front desk operations including guest check-ins, room allocation and occupancy management.
- Prepared daily cash summaries across the restaurant, permit room, café and online platforms.
- Designed a 5 ft × 2 ft banquet poster end to end, which lifted banquet hall sales by 15%.

Projects

- **ICCC Surveillance (2026):** Restructured an industrial command centre dashboard using OOUX.
- **Urban Labour System (2026):** Designed a service ecosystem for daily wage workers and contractors.
- **Canva AI Redesign (2025):** Built an AI evaluation framework and redesigned Canva's conversational AI.
- **Relique (2025):** Designed a museum website where artifacts narrate their own history.
